PART T1: TENDERING PROCEDURES
1.1 TENDER NOTICE AND INVITATION TO TENDER

ESWATINI WATER SERVICES CORPORATION

INVITATION FOR SUBMISSION OF BIDS (IFB)

Tender number SWSC 10 OF 2019/20
REHABILITATION OF MANZINI WASTE WATER TREATMENT SYSTEM.

The Eswatini Water Services Corporation hereby invites sealed bids from eligible bidders for the Rehabilitation of the Nhlambeni Waste Water Treatment Plant. The scope of works shall include construction, project management, commissioning and handover of completed works. The bidder's scope of works as further enunciated in the Scope of Works will be to rehabilitate the pre-screening equipment at the Ngwane Park facility, Primary Sedimentation Tanks, and trickling filters at the Nhlambeni Waste water Treatment Works.

Bidding documents may be downloaded from the Eswatini Water Services Corporation website www.swsc.co.sz. Bid documents must be accompanied with a proof of payment of E 500.00 bid price. This will be in the form of a cash deposit made at any Eswatini Water Services Corporation revenue offices.

Bids shall be valid for a period of 120 days after Bid opening and must be accompanied by a bid security of E 50 000.00 and delivered to;

The Managing Director
Eswatini Water Services Corporation Headquarters,
Emfonjeni Building,
Corner MR3 & Cultural Village Drive
Ezulwini

on or before 12.00 noon, 25th October 2019, at which time they will be opened in the presence of bidders who elect to attend.

A compulsory site inspection will be conducted on Thursday, 10th October 2019. Prospective Bidders must meet the Employer's Representative at the Nhlambeni Waste Water Treatment Works Entrance at 10.00am.

Late, telegraphic, Emailed and faxed tenders shall not be accepted. The Corporation does not bind itself to accept the lowest or any tender.

Enquiries may be emailed to: procurement@swsc.co.sz

J MASHWAMA
MANAGING DIRECTOR
1.1 These Instructions to Tenderers ("these Instructions") relate to an Invitation ("the Invitation"), in which prospective tenderers are invited to submit a Tender. The Invitation, which (in the case of any discrepancy) takes precedence over these Instructions, specifies:

(a) the company or joint venture, who is considered to be eligible as described in Clause 2 of these instructions and who is thus invited to submit a Tender;
(b) the Engineer, to whom requests for clarification may be sent as described in Clause 3 of these Instructions;
(c) details of how to participate in the site visit by tenderers (or how to obtain such details), if such a visit is being arranged under Clause 4 of these Instructions;
(d) the time by which Tenders are to be submitted in accordance with Clause 6 of these Instructions (the "Tender submission date"); and
(e) the time when Tenders are to be opened as described in Clause 7 of these Instructions.

1.2 The Tender Documents, as issued to each tenderer in accordance with the Invitation, comprise:

(a) these Instructions,
(b) the Letter of Tender, and the
(c) Schedules;
(d) Conditions of Contract, and the
(e) Employer's Requirements,

These Instructions to Tenderers shall not form part of the tenderer's offer, nor part of the defined words "Tender" or "Contract". These Instructions prescribe the procedures to be followed until the Employer either enters into a Contract with the tenderer or advises him that the Employer does not intend to do so.

1.3 Words and expressions defined in Sub - Clause 1.1 of the Conditions of Contract shall have the same meanings where used in these Instructions.
1.4 The tenderer shall bear all costs incurred in the preparation and submission of the Tender, including visits and other actions mentioned or implied in these Instructions.

1.5 The Employer will not be responsible or liable for such costs, regardless of the conduct or outcome of the tendering process. The Employer reserves the right to accept or reject any tender, or to annul the tendering process and reject all Tenders, without incurring liability to any tenderer and without being obliged to inform any tenderer of the reasons for the Employer's action.

2 Eligibility of the Tenderer

2.1 The Invitation (i) invites eligible and suitable contractor to submit a tender, (ii) states whether the tenderer was prequalified or selected or invited by open tendering, and (iii) may state any particular conditions or reservations of the prequalification or selection or open tendering.

2.2 Each prequalified tenderer shall notify the Employer, as soon as practicable, of any change in the data submitted for the purpose of the prequalification. Any significant change in such data shall be deemed to invalidate the tenderer's previous prequalification, but the company or joint venture may request the Employer's permission to reapply for prequalification. If (at his sole discretion) the Employer grants such permission, the tenderer's application for prequalification must be received by the Employer not less than 28 days before the Tender submission date specified in Clause 6 of these Instructions.

2.3 Each tenderer shall, in order to be considered for eligibility, submit the information listed below with the Tender. In the case of a joint venture of two or more legal persons, the information shall be submitted in respect of each of these persons and in respect of the joint venture tenderer.

(a) copies of original documents defining constitution and/or legal status, place of registration and principal place of business;
(b) total annual turnover expressed as total volume of engineering work carried out in each of the last five years;
(c) financial reports, including profit and loss statements, balance sheets and auditor's reports for the past five years, and an estimated financial projection for the subsequent year;
(d) evidence of access to lines of credit, and availability of other financial resources;
(e) name and address of banker(s) who will (and have been authorised to) provide references upon request by the Employer;
(f) details of performance as prime/main contractor on works of a similar nature and volume over the last five years and on current works; and
(g) A list of the major items of Contractor's Equipment proposed for carrying out the Contract including details of ownership.
(h) Original and Valid tax compliance certificate for government or parastatal tender
(i) Valid Trading licence
(j) Valid CIC registration certificate
(k) Police Clearance or affidavit for company directors
(l) Eligibility Form in Annexure T4.6 (Fully filled and signed).

2.4 In these Instructions, the expression "joint venture" means any of the groupings of contractor's. In order that such a joint venture of two or more legal persons is to be acceptable as eligible:

(a) these persons shall have nominated a leader with authority to bind the joint venture and each of these persons; and this leader shall be authorised to incur liabilities and receive instructions for and on behalf of any and all these persons;
(b) evidence of this authorisation shall be submitted with the Tender in the form of a power of attorney signed by legally authorised signatories of all these persons;
(c) the Letter of Tender, and (if it is accepted) the Contract Agreement, shall be signed so as to be legally binding on each of these persons; and
(f) a copy of the agreement entered into by these persons shall be submitted with the Tender. This agreement shall state (i) each such person's percentage participation in the joint venture, and (ii) that these persons shall be jointly and severally liable to the Employer for the performance of the Contract.

2.5 No such person or sole tenderer shall participate in the preparation of another tenderer's Tender for the same Contract. If any entity is found to have participated in two or more Tenders, other than alternative Tenders from the same tenderer, all such Tenders will be rejected.
However, any entity may be proposed as a prospective subcontractor by more than one tenderer in addition to being either a sole tenderer or a participant in one joint venture tenderer.

3 The Tender Documents

3.1 The Tender shall be responsive to the complete set of Tender Documents which comprise the documents listed in Clause 1 above and any Addenda to Tender Documents which may be issued as described in this Clause 3. The tenderer shall scrutinize each document immediately upon receiving it and shall promptly give notice, to the party who issued the document, of any pages which appear to be missing.

3.2 The tenderer must carefully examine all Tender Documents. Failure to comply with these Instructions or with any other tendering requirements will be at the tenderer's risk.

3.3 If the tenderer requires any clarification of the Tender Documents, he may give notice to the Engineer. The notice shall be written (which includes by electronic mail transmission) in the language used in the Invitation, and shall be sent to the Engineer's address stated in the Invitation as soon as practicable.

3.4 The Engineer shall respond to the notice by issuing (i) the text of the question or request for clarification and (ii) the Employer's clarification. This response shall be in writing and shall give no indication of the identity of the tenderer who requested clarification. These requests for clarification and responses shall be sent to all prospective tenderers who received the Tender Documents, but shall not constitute amendments to the Tender Documents. However, if a notice is received less than 28 days before the Tender submission date, there may be no response.

3.5 If amendments are to be made to the Tender Documents, arising from a notice or otherwise, the Engineer shall issue an Addendum to Tender Documents on behalf of the Employer. Each Addendum to Tender Documents shall be sent to all prospective tenderers who received the Tender Documents, and shall be binding upon them. The tenderer shall promptly acknowledge receipt of each Addendum to Tender Documents by written
notice to the Engineer, and shall also enter its reference number in the first sentence of the Letter of Tender.

3.6 At any time, the Engineer may similarly issue an Addendum to Tender Documents which amends the Tender submission date. In this event, all rights and obligations of the Employer and the tenderers previously related to the original date shall thereafter be subject to the amended date.

4 Site Visit

4.1 The tenderer is advised to visit and examine the Site, its surroundings and other parts of the Country, and must obtain for himself on his own responsibility all information which may be necessary for preparing the Tender and entering into a Contract.

4.2 The tenderer and any of his personnel or agents will be granted conditional permission to enter upon the Site. The permission shall be deemed to have been based upon the tenderer, his personnel and agents indemnifying the Employer and his personnel and agents from and against all liability and upon the tenderer being responsible for personal injury (whether fatal or otherwise), loss of or damage to property and any other loss, damage, costs and expenses (however caused) which would not have arisen other than due to the exercise of such permission.

4.3 If a joint site visit is to be arranged for all tenderers, details are given in the Invitation.

4.4 Such a joint visit is intended to supplement, and not to replace, the individual inspections carried out by each tenderer. The Employer accepts no responsibility for providing any indication of relevant aspects, or access to appropriate areas, which a competent tenderer may consider necessary for the preparation of a Tender.

4.5 The Employer shall not be bound by any oral representations which may be made during a joint site visit, whether by the Engineer's personnel or by others; and whether during a formal meeting or otherwise. In order to minimize the possibility of misunderstanding, tenderers should present any requests for clarification in writing. In accordance with Clause 3 of these Instructions, any record of the formal meeting, requests, clarifications and/or
Addendum to Tender Documents shall be sent to all prospective tenderers who received the Tender Documents.

5 Preparation of the Tender

5.1 The Tender and all communications between the tenderer and the Employer or the Engineer shall be typed or written in indelible ink in the language used in the Invitation. Supporting documentation submitted by the tenderer may be in another language if he also submits an appropriate translation of all its relevant passages into this ruling language.

5.2 The Tender Documents to be submitted by each tenderer shall comprise the documents described in Clause 1 of these Instructions, and a Proposal prepared in accordance with this Clause 5.

5.3 The Tender Documents issued to the tenderer, including any amendments instructed in an Addendum to Tender Documents, shall be used without further amendment.

5.4 The tenderer shall submit, with his Tender, a tender security in the form annexed to these Instructions. The tender security shall be issued by an entity in the country of the Employer and acceptable to the Employer, and shall be valid for not less than 35 days after the date on which the validity of the Tender expires. The Employer will return the tender security upon the occurrence of the first of the following events:

(a) the Employer receives the Performance Security from the successful tenderer;
(b) the Employer abandons his intention to appoint a Contractor; or
(c) the validity of all tender securities for the contract expires.

5.5 The tenderer shall complete each Schedule as appropriate to the particular Schedule, and submit a Tender for the whole of the Works in accordance with the Tender Documents. A Tender which excludes part of the Works may be rejected as unresponsive.

5.6 The tenderer’s Proposal, which must form part of the Tender, MAY include:
(a) a detailed description of the proposed Works;
(d) commentary on the Employer's Requirements, detailing how the layout and other critical requirements will be achieved;
(e) manufacturers' brochures and/or other details of the main items of Plant including spares;
(b) details of any exceptions to the statements in the Letter of Tender which otherwise state that the Employer's Requirements contain no errors and that the Works will conform therewith.

5.7 The tenderer shall also submit the following supplementary information accompanying, but not forming part of, his Tender

(a) the information listed in Clause 2 of these Instructions, if applicable to the tenderer;
(b) name and address of the bank or other entity which will provide the Performance Security and the advance payment guarantee; and a letter from such entity acknowledging having received the Annexes to the Particular Conditions of Contract and undertaking to provide these security documents in accordance with the exact wording of these Annexes (if the entity prefers to make minor changes, they must be specified exactly);
(c) name and address of the insurers and their principal terms for the insurances required by Clause 14 of the Conditions of Contract, including proposed deductibles and exclusions;
(d) details of the arrangements and methods which the tenderer proposes to adopt for the execution of the Works, in sufficient detail to demonstrate their adequacy to achieve the requirements of the Contract including completion within the Time for Completion;
(e) names of the arrangements and methods which the tenderer proposes to subcontracting the execution of parts of the Works on the Site, excluding each subcontractor named in the Schedules;
(d) the names, qualifications and experience of key personnel proposed for the management of the Contract and the execution of the Works, both on and off site, including curriculum vitae of the senior personnel;
(e) names and particulars of each proposed designer and design subcontractor. A Tender which is not accompanied by this information may be rejected as unresponsive.

5.8 The completed Tender shall not have any alterations or erasures, except any which may be specified in an Addendum to Tender Documents issued under Clause 3 of these Instructions. However, if alterations are necessary to correct
errors made by the tenderer, these corrections shall be endorsed with the signature of the person signing the Letter of Tender.

5.9 Only one Tender may be submitted by each tenderer, except for any alternative offers. In addition to a compliant Tender, the tenderer may offer technical or other alternatives to the requirements of the Tender Documents, which may include reasonable deviations or other proposals. Each alternative Tender shall include all information necessary for its complete evaluation by the Employer, including any relevant calculations, specifications, construction methods, timing implications, breakdowns of prices, and other relevant details. The Employer reserves the right to reject alternative offers.

6 Submission of the Tender

6.1 The Tenderer shall prepare one original set and three photocopy sets of the documents comprising the Tender and supplementary information, as described in Clause 5 of these Instructions. Each such set shall be submitted in an inner envelope within an outer envelope, with each document and each envelope being clearly marked "ORIGINAL" or "COPY" as appropriate. If there is any discrepancy between them, the ORIGINAL shall prevail.

6.2 The original and copies of the Tender shall be signed by a person or persons duly authorised to bind the tenderer. Proof of authorisation, in the form of a written power of attorney, shall be annexed to the Letter of Tender. All pages of the Appendix to Tender and Schedules where entries or amendments have been made shall be initialled by the person(s) signing the Letter of Tender.

6.3 The inner and outer envelopes shall be addressed to:

The Managing Director
Eswatini Water Services Corporation Headquarters,
Emfonjeni Building,
MR3 between Gables Shopping Complex and Usushwana Bridge
Ezulwini
and shall bear the following identification:

REHABILITATION OF THE MANZINI WASTE WATER TREATMENT SYSTEM.
6.4 The inner envelopes shall indicate the name and address of the tenderer to enable the Tender to be returned unopened if it is declared "late". The outer envelopes shall give no indication of the tenderer.

6.5 If a Tender is misplaced or opened prematurely because an envelope was not sealed and marked as instructed above, the Employer shall not be responsible and the Tender may be rejected.

6.6 The original and copies of the Tender must be delivered to the address specified above no later than the time, on the Tender submission date, stated in the Invitation. Tenders received by the Employer thereafter will be returned unopened.

6.7 The tenderer may modify or withdraw his Tender after submitting it, if the modification or notice of withdrawal is received in writing before such prescribed time for submission of Tenders but not thereafter. The tenderer’s modification or notice of withdrawal shall be prepared, sealed, marked and delivered in accordance with the provisions of this Clause 6, with the inner envelopes additionally marked "MODIFICATION" or "WITHDRAWAL", as appropriate. In particular, the modification or notice of withdrawal shall be signed by a person or persons duly authorised to bind the tenderer, and proof of authorisation shall be annexed.

6.8 A Tender submitted other than as described in this Clause 6 may be rejected by the Employer and returned to the tenderer.

6.9 The Tender shall remain valid and open for acceptance for the period of 140 days from the Tender submission date. The tenderer shall calculate the date on which validity expires and insert this expiry date in the Letter of Tender. Prior to this expiry date, the Employer may by written notice request the tenderer to extend the validity period. The tenderer may refuse the request, but shall not modify his Tender other than by extending its validity.

7 Tender Opening

7.1 Tenders and other submissions, which are in accordance with Clause 6 of these Instructions, will be opened at the date and time stated in the Invitation in the presence of tenderers' representatives who choose to attend at the address for delivery of Tenders specified in Clause 6.
7.2 Tenderers' representatives at this opening shall sign an attendance register.

7.3 Tenders for which the Employer has received a valid notice of withdrawal in accordance with Clause 6 of these Instructions shall not be opened.

7.4 The Employer will examine Tenders to determine whether they appear to be complete, properly signed, and generally in order. For each Tender, the Employer or the Engineer will announce the name of the tenderer, the sum offered in the Letter of Tender, and such other details as the Employer may consider appropriate.

7.5 After this Tender opening, information relating to the processes of examination, clarification, evaluation and comparison of Tenders and the award of a contract shall not be disclosed, other than to those officially concerned with such processes. Any effort by a tenderer to influence the Employer or the Engineer in these processes may result in the rejection of the tenderer's Tender.

8 **Tender Evaluation**

8.1 Prior to the detailed evaluation of Tenders, the Employer will determine whether each Tender is substantially responsive to the requirements of the Tender Documents. For the purpose of these processes, a substantially responsive Tender is one which conforms to all the terms, conditions and requirements of the Tender Documents without material deviation or reservation.

8.2 A material deviation or reservation is one which affects in any substantial way the scope, quality, or performance of the Works, or which limits in any substantial way (inconsistent with the Tender Documents) the Employer's rights or the Contractor's obligations under the Contract, and the rectification of which deviation or reservation would affect unfairly the competitive position of other tenderers presenting substantially responsive Tenders.

8.3 If a Tender is not substantially responsive to the requirements of the Tender Documents, it will be rejected by the Employer. The Tender shall not be made
responsive by the tenderer correcting or withdrawing the non-conforming deviation or reservation.

8.4 The Employer will only evaluate and compare the Tenders which have been determined to be substantially responsive to the requirements of the Tender Documents. Responsive Tenders will first be checked by the Employer for any arithmetic errors in computation and summation, and any errors will be corrected as follows:

(a) The amount entered in the Letter of Tender (as announced when Tenders were opened) may be considered acceptable as the Contract Amount without any of the corrections and adjustments described in these subparagraphs. If there is any discrepancy between amounts in figures and in words, the amount in words will take precedence.

(b) If there is any discrepancy between this amount and the equivalent sum computed on the basis of the Schedules, the Employer may make corrections and/or adjustments (applying the principles described in these sub-paragraphs) and give notice to the tenderer, specifying each error, correction and adjustment. If the tenderer does not accept these notified corrections and adjustments, his Tender may be rejected.

(c) If there is a substantial discrepancy between a stated amount and the correct amount calculated by multiplying the stated unit rate by the quantity, and the rate seems to have been stated in error (inconsistent with the tenderer's likely intentions), the stated unit rate shall be amended and the stated amount will be binding.

(d) If there is any discrepancy between a stated amount and the correct amount calculated by multiplying the stated unit rate by the quantity, and either the discrepancy is not substantial or it is reasonable to assume that the stated rate is consistent with the tenderer's intentions, the stated unit rate will be binding and the stated amount shall be amended.

8.5 For the purpose of evaluating Tenders, the Employer will determine for each Tender the Evaluated Tender Amount as follows:

(a) making any correction for errors as described above;

(b) making an appropriate adjustment for any acceptable variations, deviations, discounts or other alternative offers not reflected in the submitted amount or these corrections; and
(c) making an allowance for any acceptable varied times for completion offered in alternative Tenders, the allowance being calculated at the same rate as the rate for delay damages for the Works which is stated in the Appendix to Tender.]

8.6 The evaluation of the Tenders shall be based upon the principles outlined in the performance evaluation criteria annexed to these Instructions. Unless specifically stated, no criterion will take precedence over any other criteria, and Tender evaluation shall be based on an overall consideration.

The number of points to be given under each of the evaluation criteria are:

The minimum technical score required to pass is **70%**

The formula for determining the financial scores is the following:
Either $S_f = 100 \times \frac{F_m}{F}$, in which $S_f$ is the financial score, $F_m$ is the lowest price and $F$ the price of the proposal under consideration, or another proportional linear formula.

The weights given to the Technical (T) and Financial Proposals (F) are:

$T = 0.8$, and

$P = 0.2$

The Corporation does not bind itself to appoint the lowest or any consultant.

9 Award of the Contract

9.1 The Employer intends (i) to award the Contract to the tenderer who appears to have the capability and resources to carry out the Contract effectively, who’s Tender has been determined to be responsive to the Tender Documents and who has offered (all taken into consideration) the most favourable Tender; or (ii) to reject compliant Tenders and accept an alternative Tender. The Employer reserves the right to reject any or all Tenders.

9.2 The contract award decision shall be taken by the appropriate approvals authority, but the award decision does not constitute a contract. Following the contract award decision, the client will prepare a notice indicating the name of the best evaluated tenderer, the value of the proposed contract and any evaluation scores. The notice will be sent to all tenderers who submitted tenders by letter and, where appropriate, by fax or email; and will be Published on the Eswatini Public Procurement Regulatory Agency website.

9.3 The Client will allow a period of at least ten working days to elapse from the date of dispatch and publication of the notice before a contract is awarded.

9.4 The contract will be awarded following negotiations. After negotiations are completed, the Client will promptly notify other consultants on the shortlist that they were unsuccessful and return the unopened Financial Proposals of those consultants who did not pass the technical evaluation.

T2:7 DEVIATIONS OR QUALIFICATIONS BY THE TENDERER

**Note:** Tenderers will be declared to be non-responsive should any proposed deviation or qualification, save for where alternative tender offers are permitted in terms of the Tender Data, in the employer’s opinion:

a) detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work,

b) change the employer’s or the tenderer’s risks and responsibilities under the contract, or

c) affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

T3.4 CONTRACT AGREEMENT

This Agreement made the........................................ day of....................... 20......

Between........................................................................................................................................

.............................................................................................................................................. (hereinafter called the

Employer")of the one part,

And........................................................................................................................................

.............................................................................................................................................. (hereinafter called "the

Contractor") of the other part

Whereas the Employer desires that the Works known as REHABILITATION OF MANZINI WASTE WATER TREATMENT SYSTEM should be executed by the Contractor, and has accepted a Tender by the Contractor for the design, execution and completion of these Works and the remedying of any defects therein,

The Employer and the Contractor agree as follows:
1. In this Agreement words and expressions shall have the same meanings as are respectively assigned to them in the Conditions of Contract hereinafter referred to.

2. The following documents shall be deemed to form and be read and construed as part of this Agreement:

   a) The Agreement (Form of Offer and Acceptance)
   b) Conditions of Particular Application
   c) General Conditions
   d) Design Drawings
   e) The Specification
   f) The Bills of Quantities
3. In consideration of the payments to be made by the Employer to the Contractor as hereinafter mentioned, the Contractor hereby covenants with the Employer to execute and complete the Works and remedy any defects therein, in conformity with the provisions of the Contract.

4. The Employer hereby covenants to pay the Contractor, in consideration of the execution and completion of the Works and the remedying of defects therein, the Contract Price at the times and in the manner prescribed by the Contract.

In Witness whereof the parties hereto have caused this Agreement to be executed the day and year first before written in accordance with their respective laws.

REHABILITATION OF THE MANZINI WASTE WATER TREATMENT SYSTEM.

Eswatini Water Services Corporation
Emfonjeni Building, Below Gable Complex
Ezulwini (whom the tender documents define as the Employer).

We have been informed that………………………………………………………………………….. (hereinafter called the ‘Principal) is your contractor under such Contract and wishes to receive an advance payment, for which the Contract requires him to obtain a guarantee.

At the request of the Principal, we………………………………………………………………….. (name of bank) hereby irrevocably undertake to pay you, the Beneficiary/Employer, any sum or sums not exceeding in total the amount of………………………………………………………………………….. (the ‘guaranteed amount', say……………… ) upon receipt by us of your demand in writing and your written statement stating:

a) that the Principal has failed to repay the advance payment in accordance with the conditions of the Contract, and
b) the amount which the Principal has failed to repay.

This guarantee shall become effective upon receipt of the advance payment by the Principal. Such guaranteed amount shall be reduced by the amounts of the advance payment repaid to you, as evidenced by your notices issued under sub-clause 14.6 of the conditions of the Contract. Following receipt (from the Principal) of a copy of each purported notice, we shall promptly notify you of the revised guaranteed amount accordingly.

Any demand for payment must contain your signature(s) which must be authenticated by your bankers or by a notary public. The authenticated demand and statement must be received by us at this office on or before (the date 70 days after the expected expiry of the Time for Completion)…………………………………………………………………………….. (the “expiry date”), when this guarantee shall expire and shall be returned to us.

We have been informed that the Beneficiary may require the Principal to extend this guarantee if the advance payment has not been repaid by the date 28 days prior to such expiry date. We undertake to pay you such guaranteed amount upon
receipt by us, within such period of 28 days, of your demand in writing and your written statement that the advance payment has not been repaid and that this guarantee has not been extended.

This guarantee shall be governed by the laws of the Kingdom of Eswatini and shall be subject to the Uniform Rules for Demand Guarantees, published as number 458 by the International Chamber of Commerce, except as stated above.

T4.5 Annex E EXAMPLE FORM OF RETENTION MONEY GUARANTEE

REHABILITATION OF THE MANZINI WASTE WATER TREATMENT SYSTEM.

Eswatini Water Services Corporation
Emtfonjeni Building, Below Gable Complex
Ezulwini (whom the tender documents define as the Employer).

We have been informed that…………………………………………………………….. (hereinafter called the Principal) is your contractor under such Contract and wishes to receive early payment of [part of] the retention money, for which the Contract requires him to obtain a guarantee.

At the request of the Principal, we …………………………………………..(name of bank) hereby irrevocably undertake to pay you, the Beneficiary/Employer, any sum or sums not exceeding in total the amount of………………………………………………………………….. (the guaranteed amount, say: ………………… ) upon receipt by us of your demand in writing and your written statement stating:

a) that the Principal has failed to carry out his obligation(s) to rectify certain defect(s) for which he is responsible under the Contract, and

b) the nature of such defect(s).

At any time, our liability under this guarantee shall not exceed the total amount of retention money released to the Principal by you, as evidenced by your notices issued under sub-clause 11 of the conditions of the Contract with a copy being passed to us.

Any demand for payment must contain your signature(s) which must be authenticated by your bankers or by a notary public. The authenticated demand and statement must be received by us at this office on or before (the date 70 days after the expected expiry of the Defects Notification Period for the Works) …………………………………………………………………………………………………………. (the expiry date), when this guarantee shall expire and shall be returned to us.
We have been informed that the Beneficiary may require the Principal to extend this guarantee if the performance certificate under the Contract has not been issued by the date 28 days prior to such expiry date. We undertake to pay you such guaranteed amount upon receipt by us, within such period of 28 days, of your demand in writing and your written statement that the performance certificate has not been issued, for reasons attributable to the Principal, and that this guarantee has not been extended.

This guarantee shall be governed by the laws of the Kingdom of Eswatini and shall be subject to the Uniform Rules for Demand Guarantees, published as number 458 by the International Chamber of Commerce, except as stated above.

PART T5: PRICING DATA
PRICING INSTRUCTIONS

(1) For the purpose of this Bill of Quantities the following words shall have the meanings hereby assigned to them:

Unit : The unit of measurement of each item of work as defined in the Standard Specifications or the Project Specifications of the Contract.

Quantity : The number of units of work for each item.

Rate : The payment per unit of work at which the Contractor tenders to do the work.

Amount : The product of the Quantity and the Rate tendered for an item.
Lump sum: An amount tendered for an item of which the extent is described in the Schedule of Quantities, the Specifications or elsewhere but the quantity of work is not measured in any units.

(2) The Bill of Quantities forms part of the Contract Documents and shall be read in conjunction with all the other documents comprising the Contract Documents. Prices in the Bill of Quantities shall be entered in ink, and all corrections shall be initiated by the person signing the Form of Tender.

(3) The quantities set out in the Bill of Quantities are approximate only and the quantities of work finally accepted and certified for payment, and not the quantities given in the Bill of Quantities shall be used for determining payments to the Contractor.

The validity of the Contract shall in no way be affected by differences between the quantities in the Bill of Quantities and the quantities finally certified for payment. Work shall be valued at the rates or lump sum amounts tendered, subject only to the provisions of the General Conditions of Contract and the provisions of paragraphs 11 and 12 of these instructions.

(4) Rates and lump sum amounts shall be inclusive of overheads, profits, incidentals, escalations, etc. and shall include full compensation for the completed items of work as specified. Full compensation for completing all the work shown on the Drawings and specified in the Specifications and Project Specifications and for all the risks, obligations and responsibilities specified in the General Conditions of Contract.

Standard Specifications and Project Specifications shall be considered as provided for collectively in the items of payment given in the Bill of Quantities, except in so far as the quantities given in the Bill of Quantities are only approximate.

(5) The Tenderer shall fill in a rate or lump sum to each item where provision is made therefore even where no quantities are given. Items against which no rate or lump sum is entered in the Tender will not be paid for when executed but payment for such work be will regarded as covered by other rates in the Bill of Quantities.
(6) The Works as executed will be measured for payment in accordance with the methods described in the Contract under the various pay items notwithstanding any custom to the contrary.

(7) The quantities of work or material stated in the Bill of Quantities shall not be considered as binding or extending the amount of work to be done or quantity of material to be supplied by Contractor.

(8) The quantities of material or work stated in the Bill of Quantities shall not be regarded as constituting authorization to the Contractor to order material or execute work. The Contractor shall obtain the Engineer's detailed instructions for all work before ordering any materials for or executing work or making arrangements therefrom.

(9) The short description given of pay items in the Bill of Quantities are only for the purposes of identifying the items and providing specific details. Reference shall be made inter alia to the Drawings, Standard Specifications, Project Specifications and General Conditions of Contract for more detailed information regarding the extent of the work entailed under each item.

(10) ERRORS IN TENDERS: The rates filled in by the Tenderer in the Form for the submission of Tenders shall be final and binding for purposes of tendering and errors resulting from incorrect extensions or additions shall be corrected in such a way that the rates remain unaltered.

(11) Unbalanced rates or amounts

A Tender may be rejected if the unit rates or amounts for some of the items in the Bill of Quantities are in the opinion of the Employer unreasonable or out of proportion, and the Tenderer fails, within a period of fourteen (14) days after having been notified in writing by the Employer to adjust the unit rates or amounts of such items, to make such adjustments.

(12) Units of measurement
The units of measurement described in the Bill of Quantities are metric units.

Abbreviations used in the Bill of Quantities are as follows:

- \( m \) = metre
- \( ha \) = hectare
- \( m^2 \) = square metre
- \( kg \) = kilogram
- \( m^3 \) = cubic metre
- \( kl \) = kiloliter
- \( km \) = kilometre
- \( t \) = ton (1 000kg)
- \( hr \) = hour
- \( l \) = litre
- L.S. = Lump Sum
- \( % \) = percentage
- No. = Number
- MN = mega newton
- mth = month
- MNm = Mega newton – metre
- Prov. sum = Provisional sum
- P.C. = Prime Cost
- \( m^3\text{-km} \) = cubic metrekilometre
- E.O. = Extra Over
- N/A = Not Applicable

(13) All rates and sums of money quoted in the Bill of Quantities shall be in Emalangeni.

(14) Item numbers

The item numbers appearing in the Bill of Quantities refer to the corresponding item numbers in the Standard Specifications. Item numbers prefixed by a letter B refer to pay items described under Part B of the Project Specifications.

(15) “Rate only” items

The Tenderer shall fill in a rate opposite all items where the words “rate only” appear in the “Quantity” Column. The intention is that although no work is foreseen under such an item, and no quantities are accordingly given in the “quantity” column, the
tendered rate shall apply in the event of work under this item being actually required. Tenderers’ attention is directed to the provisions of Clause 12 of this preamble.

THE TENDERER SHALL GIVE A LUMP SUM AMOUNT FOR THE EXECUTION OF THE WORKS. THE BILL OF QUANTITIES SO PROVIDED BY THE CONTRACTOR WILL NOT BE USED FOR MEASUREMENT AND VALIDATION OF THE WORKS.

PART T6: SCOPE OF WORK
T6.1 DESCRIPTION OF WORKS

1.0 Introduction and Background
The Eswatini Water Services Corporation has a long standing history in the provision of effluent handling services in urban areas and peri-urban areas.

The Eswatini Water Services Corporation now desires to rehabilitate the Nhlambeni Waste Water Treatment Plant.

2 Scope of Works
The Contractor shall dismantle, re-design, recondition and reassemble equipment as stated. The Contractor's scope of services that is the battery limits are the pre-screening (Coarse screen), Sedimentation (Primary sedimentation tank 1 & 2), Trickling Filters (First stage No.1 & 2 and Second Stage No.1 & 2) and Chlorination System.

Contractor shall complete all Work as specified or indicated in the bidding Documents. The Work is generally described as follows.

A. The Work includes Improvement designs, labor, material and equipment, services required for construction, startup and testing of the Project in accordance with the bidding Documents and includes, but is not limited to, the following principal features:

1. Pre – Screening – Coarse Screen No.1 and No.2
   a. Dismantle coarse screen and reclaim reusable materials.
   b. Supply new chain links
   c. Install and commission Coarse Screen.

2. Primary Sedimentation Tank No.1 and No.2
   a. Demolish and replace various metal components and hardware of two primary sedimentation tanks including walkway bridge support
framing, portions of the center cage and center column, rake arm squeegees and the scum skimmer arm.

b. Blast all metallic components of existing sedimentation tanks.
c. Reccoat all new and existing ferrous metallic components.
d. Replace each of the sedimentation tanks drives.
e. Strip carefully and replace all wiring, including checking/ repairing the slip rings.

3. Trickling Filters – Primary and Secondary Stage (four off)
   a. Strip and assess tie rods/ cables for reusability. Replace non usable with new tie rods/cables.
b. Strip four distributor arms at each filter and assess for reusability. Recondition or replace non reusable hydraulically driven rotary distributors at each trickling filter along with associated other ancillary parts.
c. Remove center column and replace center bearings and associated other ancillary parts.
d. Reccoat all new and existing ferrous metallic components.

B. Bidders shall note sequencing/scheduling requirements specified in the bidding Document and as follows:
   1. Sequentially isolate flow entering the sedimentation tanks for demolition, modification, and startup and testing of Work. At least one primary sedimentation tank shall be in service at all times for treatment compliance. Only one sedimentation tank may be taken offline at a time.
   2. Suggested sedimentation tank sequencing includes but is not limited to:
      a. Inspect existing tank for crane access to each tank.
      b. Disconnect all electrical service running to the drive and lighting.
      c. Provide support/blocking for the rotating rake arms.
      d. Disconnect and remove the existing drive if in place.
      e. Remove sludge valves from sedimentation tank in preparation for replacement.
      f. Remove existing walkway bridge and drive platform. Existing walkway bridge and drive platform shall be used as a template for replacement components. All new members shall match
existing sizes and configurations. Demolish components identified by the bid Documents. Protect, store and reinstall components to be reused.

g. Perform modifications to existing equipment including miscellaneous metals repair, clarifier equipment repair, electrical work and all other work required by the bid Documents.

h. Prepare and field paint all new and existing metallic components of the secondary clarifier.

i. Reinstall new walkway bridge and salvaged grating and railings.

j. Install new drive.

k. Clear tank floor of any remaining construction debris.

l. Connect all existing and new electrical services.

m. Re-level rotating arms and check for true horizontal plane.

n. Start-up and test drive.

*Preferred metallic materials to be used for fabrication are stainless steel grade 304L unless otherwise it is not practical.*

4. Chlorination system replacement

Chlorination system will require changing. The chlorination system is designed to dose up to 10Kg/Hr. (10mg/l at a flow of 250l/s. The chlorination system and the piping with the exception of the vacuum regulators, will operate under vacuum. Chlorine is drawn off in form of a gas, metered by the dosing regulator, drawn into solution in check valves and discharged into the contact tank. Two booster pumps feed the solution to the chlorine injector.

A chlorine drum will be equipped with an auto change over unit. A scale for the 1 ton chlorine cylinders is to be supplied and must have calibration certificates.

C. Bids will be received for a single prime Contract. Bids shall be on a lump sum basis, with additive alternate Bid items as indicated in the Bid Form. Partial substantial completion shall be granted individually for Work in each unit of scope. The Work shall be substantially complete within 120 calendar days from the commencement of Contract.
T6.2 STANDARD SPECIFICATIONS

The following specifications shall apply for the construction and quality control of the Works but shall not apply for measurement and payment of any portion of the Works.

(a) the relevant SABS specifications

Wherever any reference is made to the South African Bureau of Standards (SABS) and the British Standards Specification (BSS) in the Specification of Materials and Methods to be Used (OOG-001E), this reference shall be deemed to read “SABS or equivalent standard” and BS or equivalent standard” respectively.

(b) Various other specifications specified elsewhere by the Contractor and approved by the Engineer
